Main Content

A wireframe of a web page layout. On the left is a vertical sidebar with a hamburger menu icon at the top and a logo placeholder (a rectangle with an 'X' and the word 'Logo' written vertically) at the bottom. The main content area is divided into two columns. The left column contains two identical sections. Each section starts with a title box labeled '[Section title - View your plan]'. Below this is a form with an input field for '[Attraction name]' and a text area for '[Introduction]'. To the right of the text area is a square placeholder with an 'X'. At the bottom of the left column are two buttons: 'Save your plan' and 'Start new plan'. The right column is a large rectangular area with a large 'X' across it, labeled 'Interactive map showing your route'. A vertical scrollbar is positioned between the two columns. Dotted lines connect the two buttons at the bottom of the left column to the right side of the page.

[Section title - View your plan]

[Attraction name]

[Introduction]

[Attraction name]

[Introduction]

Save your plan

Start new plan

Interactive map showing your route
